

Illinois

Key Figures

There are **298** solar companies operating in Illinois.³

61
Manufacturers

96
Installers/
Developers

141
Others

\$ The solar industry has invested **\$2,032.12 million** in Illinois, including **\$818.15 million** in 2020

Illinois Annual Solar Installations

More information about solar energy in Illinois⁴

- IKEA Joliet Rooftop PV System has the capacity to generate 2.0 MW of electricity -- enough to power over 293 Illinois homes.
- Target is one of the first major corporations to go solar in Illinois with its 0.56 MW in Springfield.
- At 1 MW, City of Geneseo is among the largest solar installations in Illinois. Completed in 2015, this photovoltaic project has enough electric capacity to power more than 176 homes.

Solar Companies in Illinois

The Solar Energy Industries Association[®] (SEIA) is leading the transformation to a clean energy economy, creating the framework for solar to achieve 20% of U.S. electricity generation by 2030. SEIA works with its 1,000 member companies and other strategic partners to fight for policies that create jobs in every community and shape fair market rules that promote competition and the growth of reliable, low-cost solar power. Founded in 1974, SEIA is the national trade association for the solar and solar + storage industries, building a comprehensive vision for the Solar+ Decade through research, education and advocacy.
