# Declaration of Conformity for Integrated Battery Rack (Lithium-Ion)

## Purpose

The intent of this document is to specify that the OutBack models listed in the Scope below conform to the following standards for energy storage.

This document supersedes any previous declarations for these OutBack models.

## Scope

OutBack models covered by this Declaration of Conformity include the following.

- o IBR-2-48-175-Li
- o IBR-3-48-175-Li

The above models are covered by this Declaration of Conformity when used with the following.

- o Supported batteries:
  - OutBack model 3.5-48-60-S (SimpliPhi model PHI-3.5-48-60)
  - OutBack model 3.8-48-60-S (SimpliPhi model PHI-3.8-48-60)
- o Supported inverters and chargers: Any UL 1741-listed unit with the settings adjusted to be within the requirements on the label and within the requirements of the supported batteries installed in the rack

### **IMPORTANT:**

This Declaration of Conformity covers only the Lithium-Ion models of the Integrated Battery Rack product series. This Declaration does not cover any other models.

## Listings

- o ANSI/CAN/UL 9540:2016 — Standard For Energy Storage Systems And Equipment (1<sup>st</sup> Edition, 11/21/2016)

**I hereby certify that the equipment named above has been designed to comply with the relevant sections of the above referenced specifications. The unit complies with all applicable requirements.**

**Sanjeev Choudhary, Vice President**
